HORIZON INTERNATIONAL SCHOOL

School Emergency Plan

The school implements a structured emergency and safety plan to ensure the protection of all stakeholders. Regular drills, clear procedures, and defined roles ensure preparedness and effective response to emergencies.

PURPOSE

This plan ensures the safety and protection of students, staff, and visitors in case of emergencies. It provides clear procedures and responsibilities to respond effectively to different emergency situations and minimize risk.

TYPES OF EMERGENCIES COVERED

The school is prepared to respond to:

- Fire emergencies
- Medical emergencies
- Student injury or accident
- Evacuation situations
- Lockdown (security threat)
- Facility-related emergencies (electricity, water, etc.)

EMERGENCY TEAM STRUCTURE

Role	Responsibility
School Principal	Overall command and decision-making
Administrators	Coordinate emergency response
Academic Coordinator	Support communication with teachers
Supervisors	Control student movement and safety
Teachers	Guide students and ensure safety
Nurse	Handle medical emergencies
Maintenance Staff	Handle technical issues

GENERAL PROCEDURES

- Stay calm and act quickly
- Follow instructions from leadership
- Ensure student safety first
- Do not panic or spread misinformation
- Report immediately to administration

FIRE EMERGENCY PROCEDURE

Steps:

- Activate alarm immediately
- Evacuate students calmly
- Use nearest safe exit

- Do NOT use elevators
- Gather at designated assembly point

Teacher Role:

- Take attendance
- Ensure all students are present
- Report missing students

MEDICAL EMERGENCY PROCEDURE

Steps:

- Inform school administration immediately
- Contact school nurse
- Provide first aid
- Call emergency services if needed

Documentation:

- Incident report must be completed

LOCKDOWN PROCEDURE (SECURITY THREAT)

Steps:

- Lock classroom doors
- Keep students quiet
- Stay away from windows
- Wait for official instructions

EVACUATION PLAN

- Clear evacuation routes must be displayed in all classrooms
- Students move in organized lines
- Assembly points must be predefined
- Attendance must be checked

FACILITY EMERGENCIES

Examples:

- Power outage
- Water leakage
- Equipment failure

Action:

- Report to maintenance immediately
- Ensure student safety
- Move students if necessary

10. DRILLS & TRAINING

- Fire drill: once per term
- Evacuation drill: once per term
- Staff awareness sessions

EMERGENCY ROLES CHART (WITH NAMES)

Role	Name	Responsibility
Emergency Leader	School Principal	Overall command & decision-making
Deputy Leader	Administrator	Coordinate emergency response
Academic Support	Academic Coordinator	Communicate with teachers
Floor Supervisors	Supervisors	Manage student movement
Classroom Leaders	Teachers	Guide students & take attendance
Medical Officer	School Nurse / Counselor	Provide first aid
Safety Officer	Maintenance Officer	Handle technical/safety issues
Communication Officer	Receptionist	Contact parents / emergency services

---

EVACUATION MAP EXPLANATION

Use this narration:

The school has clearly defined evacuation routes displayed in all classrooms and corridors. Each classroom is assigned a specific exit path to ensure safe and organized evacuation. During emergencies, students are guided by teachers to the nearest safe exit and proceed to the designated assembly point in the school yard.

Supervisors and staff are positioned at key locations such as corridors, staircases, and exits to manage student movement and ensure safety. Once students reach the assembly point, teachers take attendance and report to the leadership team.

The evacuation plan is practiced regularly through drills to ensure all students and staff are familiar with procedures and can respond effectively in real emergency situations.
